**Submitted to:** Instr. Yibrah  
**Submission Date:** Dec 30, 2025

# **Project Information**

- **Project Title:** Simple User Login & Task List System
- **Course:** Software Configuration Management (SCM)
- **Department:** Department of Software Engineering

## **Change Request Details**

- **Change Request ID:** CR-01
- **Request Date:** Dec 20, 2025
- **Requested By:** Product Owner

## **Change Description**

### **Title of Change:**

- Add Task Filtering by Status on Dashboard

### **Detailed Description of Change:**

- The dashboard currently displays all tasks without any filtering options.
- This change requests the addition of simple filter buttons (All, Pending, In Progress, Completed) that allow users to filter the displayed tasks based on their status.

## **Reason for Change**

Adding task filtering improves usability by allowing users to quickly focus on tasks of a specific status, making the dashboard more practical and user-friendly.

## **Affected Configuration Items (CIs)**

- dashboard.html
- tasks.json

## Priority Level

- Low
- Medium
- High

## Impact Analysis

- The change has minimal impact on the project schedule and does not affect existing functionality.
- Only minor frontend logic and UI updates are required.

## Review and Decision

### Decision:

- Approved
- Rejected

- **Reviewed By (SCM Manager):** Natnael Fisseha
- **Review Date:** Dec 21, 2025

## Implementation Details

- **Implementation Branch:** feature-cr-fixes
- **Implementation Date:** Dec 27, 2025
- **Implemented By:** Developer

### Verification Status:

- Verified
- Not Verified

## Final Approval

- **Approved By:** Project Team
- **Approval Date:** Dec 27, 2025

- **Signature:** Natnael Fisseha, Mikias Goitom, Natnael Necho, Tamirat Dejene, Temesgen Abebayehu

## Notes

This change will be implemented as part of Release v1.1 and included in Baseline 2.
